Port Moody, Ioco and Belcarra.

Since 1969, the Coquitlam Area Fine Arts Council has been serving the Arts interests of District #43. It:

- 1) Encourages, assists and promotes the development of cultural activity.
- 2) Acts as a resource and clearing house for cultural information.
- 3) Acts as a liaison with the Cultural Services Branch of the Provincial Government so that grant monies can be made available, through the Council, to community arts groups and artists.
- 4) Provides 9 Arts Scholarships annually to each Sr. Secondary School in the disciplines of drama, music and visual arts.
- 5) Working with all levels of government to build an Arts Centre for District #43.

A variety of cultural events are sponsored by the Council--concerts, craft fairs, visual art exhibits, classes, a multi-discipline arts festival and a social dance. As well, the Council participates in District #43 community festivals.

The Council is operated by a yearly, membership-elected Executive Board. Its' work is carried out on a volunteer basis by its' members. It is supported financially by memberships, grants and fund-raising activities.

A newsletter is sent to all members at various times throughout the year reporting on a multitude of arts happenings. An A.G.M. is held each Sept. and general meetings are held throughout the year.
