

Water Comm.

Tuesday, January 18th, 1966.

WATER COMMITTEE

A meeting of the Water Committee was held in the Council Chambers of the Municipal Hall, 1111 Brunette Avenue, New Westminster, B. C., on Tuesday, January 18th, 1966, at 10:15 p. m., with all members of the Council present, with Co. Gamache in the Chair.

Communication received from Betty M. Fry for Mack Realty and the policy followed by the Municipality, laid out in municipal procedures reply of January 12th.

January 7th, 1966

Mr. J. Hockey
Water Committee
District of Coquitlam
1111 Brunette Avenue
New Westminster, B. C.

Dear Sir:

I would like to bring to the attention of your committee the difficulty being experienced at this time of the sale of properties which have had water mains laid past them by land developers.

This is particularly embarrassing to me as an agent when selling property as serviced by water after having received a certificate showing no charges against the property. When the purchaser applies for a building permit, he finds that he must pay for that portion of the watermain.

I appreciate that this must be paid, but how can I obtain this information from your department at the time of the transaction so that I may inform both parties of the complete costs concerning the property.

I shall attend your meeting on January 18th, and hope that you will have time to discuss this with me.

Yours truly,

Betty M. Fry
for: MACK REALTY CO. LTD.

January 12th, 1966

H. F. Hockey
Engineering Supervisor

Dear Sir:

I have for reply your memo of January 11th, 1966 pertaining to your file 1491 and enquiries made by Mrs. B. M. Fry.

I have spoken to Mrs. Fry over the telephone and she advised that she took from a tax certificate that had been issued by the Tax Department that there could be no further charges which remained unpaid on a given property. I advised Mrs. Fry that a tax certificate was issued in respect of tax arrears only and that if she required additional information, she should make this known at the time she makes an enquiry.

- continued -

Tuesday, January 18th, 1966, continued.

There are standing instructions issued to the Tax Office that when an enquiry is made suggesting that they want to be apprized of any outstanding charges that there may be against a property, that such enquiries should be directed to the Engineering Department who can apprise them of same. You are no doubt aware that a great many enquiries are for tax certificates which have nothing to do with the exchange of properties, but may be for other things such as the registration of a mortgage or charge. Unless the enquirer makes clear what it is that he is asking for, the clerks cannot assume what he has in mind.

Yours truly,

R. A. LeClair
Municipal Treasurer

Moved by Co. M. J. Butler seconded by Co. J. D. Vallance:
That the communications be received and filed as policy.

Carried.

The discussion of Treasury Department by way of a report on Mr. A. Yargeau local improvement problem, was circulated with Council and upon motions of Co. M. J. Butler and Reeve L. J. Christmas, that it be tabled until the next meeting of the Committee on February 15th.

Carried.

Communication under date of December 14th, 1965, from J. K. Cooper and A. J. Percy, was received as follows:-

December 14th, 1965.

District of Coquitlam
1111 Brunette Avenue
New Westminster, B. C.

Attention: Reeve and Council

Dear Sirs:

Re: Subdivision of Parcel "K" (Explanatory
Plan 8936) Lot 7, Group 1

This will acknowledge your letter of November 19th, 1965 regarding watermain charges in connection with the above subdivision.

We concur with the interpretation of your decision with the one exception of the charge on Fairview Street between Ebert Road and Ivy Street. In your letter it appeared that we had been granted this concession but upon applying for the amount of the remaining charges applicable to this subdivision, we found that the figures supplied did not coincide with your interpretation of your letter.

Trusting that this matter may now be clarified in our favor, we remain,

Yours very truly,

J. K. Cooper

A. J. Percy

- continued -

Tuesday, January 18th, 1966, continued.

Moved by Co. J.P. ^{Butler}Clarke seconded by Co. J.D. Vallance:
That J.K. Cooper be charged \$2.40 for water as required on Ivy Street
and that Fairview requirement be waived.

Carried.

Co. Clarke registered opposition.

Co. Hogarth indicated that his feelings would be that the Department of
Municipal Affairs be asked to amend the Act to make this matter equitable
and legal and he would do some investigating with the Department in this
regard, and report.

Communication under date of January 6th was received from Gregory Realty
re exemption of water charges amounting to \$754.97 on Lot 62, Block 1,
D.L. 367, Plan 28285.

January 6th, 1966

Water Department
1111 Brunette Avenue
Coquitlam, B. C.

Dear Sirs:

Re: Lot 62, Block 1, D.L. 367, Plan 28285

When the above named property was subdivided it was proposed that
Lot 62 be subdivided into three lots. The water charges were paid accordingly.

Now that the property has been sold to a church, we request that part
of the water charges be returned.

Yours very truly,

B. Hawkins

per: L. Fleming

Moved by Co. M. J. Butler seconded by Reeve L. J. Christmas:
That the charge of \$754.97 be retained as policy of Council, as churches
does not support this application.

Carried.

Recommendation for a subsidy on Brookmount Avenue for watermain by way of
memo.

January 18th, 1966

Water Committee:

Prepaid charges in the amount of \$1,072.46, Receipt #29595/66 were
paid in conjunction with the approval of the M. I. Campbell Subdivision (8-1941).
These charges were based upon the rate of \$2.40/ft. as Brookmount Avenue
is a boundary road with Port Moody and accordingly, no rebate will occur.

It is recommended that a subsidy in the amount of \$1,072.46 be provided
from Prepaid Watermain Surplus to permit this installation to be made.

H. F. Hockey, Eng. Supervisor.

Tuesday, January 18th, 1966, continued.

Moved by Co. M. J. Butler seconded by Reeve L. J. Christmas:
That the recommendation be approved and the Prepaid Watermain
Surplus funds be advanced.

Carried.

A budget study on the east end of the Municipality's water installations was referred to the next agenda of this Committee, February 15th, and that it is desired that a report from the Department of Municipal Affairs regarding local improvement and charges, will be forthcoming.

Replacement of watermains replaced as shown in the budget.

Moved by Reeve L. J. Christmas seconded by Co. M. J. Butler:
That the programme proceed as detailed in the Budget.

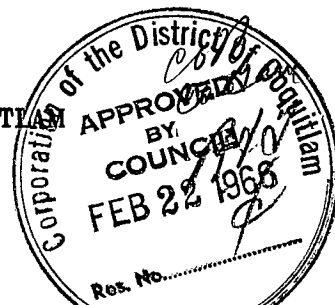

Carried.

Moved by Co. M. J. Butler seconded by Co. J.D. Vallance:
That the meeting adjourn.

Carried.
